New Business

Neptune Meter reading Company

Carla introduced Scott Dunlap with Neptune our utility supply meter reading company. He was asked to present a study on AMI collection system for our meter reading. This fixed data system collection would enable the utility clerk to see the water usage everyday instead of every 30-31 days. A leak could be found within the hour instead of once a month.

Town Manager

Bridget asked if Nate could get a stipend for work clothes like has been done in the past? It was the same amount that the Town Marshall gets each year, \$600.

Carla made a motion to approve A \$600.00 clothing stipend for Nate. Marc seconded the motion. Roll call vote. Rocky-yes, Joy-yes, Marc-yes, Carla-yes. The motion passed 4-0.

Trash Contract

The trash contract is up in June. This will be tabled until the current contract can be found.
