Life-Saving Award to Logan Sefried

Marshal Taylor presented 10-year-old Dayton resident Logan Sefried with a Life-Saving Award for her courage and bravery in saving her sister from an attack by a Pit Bull. Logan called 911, tried to fight off the dog, and stayed by her sister's side until help arrive. She will be forever recognized for saving her sister's life.

Ron Koehler called the meeting to order and called the roll.

CDBG Public Hearing

Council President Jen Manago announced that this was the public hearing for the planning grant. Greg Beumer of Kleinpeter and Associates stated the public hearing was held to hear public comments for and against an application to the Indiana Office of Rural and Community Affairs for a Comprehensive Plan for the Town of Dayton. Comments:

Stan Kyger – plan is needed to plan the direction of the town and include more recreation areas.

Jen Manago – plan is desperately needed to know what the economy, the people, and the town needs and how to make it happen.

Ron Koehler – plan is needed in order to grow with dignity and not let the town be taken over by developers.

Handwritten signatures: JM, SK, CPS, and others.

Cindy Marsh – has been asking for a Comprehensive Plan for 6 or 7 years so our growing town will grow in ways to preserve our small town identity, protects the environment, and are good for the town.

The Public Hearing was concluded, and application is due by April 14th.

Water Ordinance Discussion

The Ordinance had been discussed last meeting and currently states that water can be turned off to avoid charges. Jen said she'd like to see that changed. It's a lot of extra work for the office, and fiscally it's not good for the town because of the number of rentals in town. Ashley asked about the rate study that's being done. He doesn't think people should have to pay for a utility they're not using. Discussion followed. Ron made a motion to have Alicia look into and write up a new Ordinance saying every customer accrues the minimum charges for water. Carla seconded. Roll call vote.

Ashley Stevenson – no

Stan Kyger – yes

Ron Koehler – yes

Carla Snodgrass – yes

Jen Manago – yes

Nancy Oswalt, 762 Shady Lane. Homeowners are penalized when others don't pay minimum. Cindy Marsh, 749 Shady Lane. Sadly, we have slumlords in town who will save a nickel when they can and the rest of us will pay for it.
